Fun, safe and affordable camps led by professional educators, farmers & artists at the Evergreen!

Art in the Outdoors: Find inspiration in the great outdoors. With the natural environment as their theme, campers explore their own creativity through writing, journaling, drawing, painting, mixed media, printmaking, paper making, and sculpture while learning about the work of environmental writers and artists. **Fee: \$150**

Grow It, Cook It: How does your garden grow? Campers start seeds and harvest fruits and veggies in Evergreen's gardens, greenhouses, and orchards. They'll follow the connection from farm to table as they investigate garden secrets, experiment with plants, and prepare simple, delicious snacks from our farm. **Fee: \$150**

Young Naturalists: Uncover the secrets of mini-beasts, plants with armor, and seek out stealth camouflage in Evergreen's lush backyard habitats! This half-day camp for our youngest group of campers includes hands-on close encounters with wildlife and science! **Fee: \$100**

Science Discovery: Explore forests, fields, and wetlands by using cool science tools to learn about plants and animals, and how we fit into this amazing planet. Campers conduct real science experiments, learn how to live green, and participate in wacky challenges! They'll even interview STEM* professionals and enjoy fun activities as part of our STEM Career Fair! **Fee: \$150**

Parent Testimonials

We love the Evergreen experience!

Great camp! My son was excited to go every day and always came home telling me about the recipes he tried at camp.

Enjoyed it very much! My child can't wait to get here early!

My daughter loved this camp!

Scholarships plus discounts for multiple weeks & sibling campers available!

Registration forms available online at www.evergreenheritagecenter.org
