**Sept 29, 2019: Intuitive Drawing, Mark Making, Painting and Montage (12:00pm -3:00pm)**

This PLAYSHOP is designed for everyone! Especially those who may doubt their creativity or imagination. We will use a variety of drawing, painting and mixed media materials to compose a personal narrative, unique for each participant according to your story! You will learn to work freely and intuitively, making your own creative decisions and creating individually. You will discover how to face a blank canvas or page without fear; how to use confident and expressive mark making to activate your canvas and your creativity; and how to gain confidence when composing abstractly or semi-abstractly. How we expand our intuitive and creative process through art deepens our problem solving and thinking skills in other areas of life! **RSVP by September 23.**

**October 20, 2019: The American Masters Series (1:00pm – 4:00pm)**

Explore the *alla prima* technique to create a painting using the color and brushwork properties of Tonalism, (an American art movement begun in the 1880's) using oils on canvas. This project will use a landscape subject selected by each participant in this style based on Whistler, Ryder, Clara Weaver Parrish and others. **RSVP by October 13.**
